A single level home that lets you level up your lifestyle, the luxurious indoor spaces of this exceptional residence lie literally around the corner from Vernon Street's renowned retail and restaurant options. The elegance of the street presence precedes the superlative style of a design featuring three distinct zones for living, dining and enjoying that are served by a central open-plan kitchen fitted with stainless steel appliances, bespoke splash-backs, and a meals island beneath beautiful pendant lighting. Dual sets of sliding glass doors reveal a decked entertaining area and low-maintenance retreat that create an oasis that's perfectly in keeping with an 'Aloha' address, complete with swaying palms and an outdoor bar. A main bedroom defined by bay windows, a walk-in robe and stunning fully-tiled ensuite sets the standard for two similarly inviting bedrooms and an equally elegant main bathroom. Heating, cooling, a separate laundry, designer ceiling fans, a secure double garage - everything reflects a perfectionist attention to detail and delivers undeniable style.
