Spectacular in size, quality, and level of luxury, this breathtakingly boutique built 4-bedroom plus media room contemporary home's impressive dimensions deliver an unforgettable environment for every stage and age of family life epitomizing residential perfection. Designed and constructed by Phil Pope Homes, generous proportions are immediately apparent through the wide central hall, featuring lofted, square-set ceilings and timber hybrid flooring to the bedrooms. The palatial living and dining room served by a gourmet kitchen appointed with stone benches, walk-in pantry, pendant lighting and natural gas 5-burner cooktop extend seamlessly via stacker doors out to surrounding under-roofline expansive timber decking perfect for large scale alfresco poolside entertaining with a serene tree line backdrop. The separate media room allows the idyllic opportunity to unwind, the main bedroom is isolated with walk-in robes, a lavishly bespoke, health retreat-style ensuite with double showerheads, his and her basins, and private bath, with three additional double bedrooms with lined walk in robes, ceiling fans with second shared stylish bathroom also with double basins and bath. Presenting a unparalleled family future, this magnificent home also includes 8kw solar power system, 4-zone eco-touch ducted heating/cooling, oversized laundry with great storage options, NBN connectivity, Crimsafe security screens, safety cameras, internally accessed double garage with epoxy flooring and a private, sublime 7x4m saltwater swimming pool to relish all-year round surrounded by tastefully landscaped, easy-care manicured gardens. In a prime location in Stocklands Highland Reserve, highly sought after for its proximity just minutes away from Highland Reserve Primary School, shops, cafes, and the Coomera River.
