\$860,000 - \$930,000

An enticing opportunity to embrace the future! Currently, it's an amazingly original example of its era, featuring classical living and dining spaces, three bedrooms and a kitchen and bathroom that are both perfectly illustrative of this property's authentic retro integrity. The past and the present are clearly represented - the question is all about how best to define the future of an address that puts Altona Gate Shopping Centre, The Circle's village vibe, Millers Junction and recreation facilities all with easy reach. Options to renovate and to explore possibilities for re-development, subject to council approval make themselves apparent throughout the current day residence and an allotment that reveals rewarding dimensions of 663m² approx. behind a frontage measuring some 15.55m. A property loaded with possibilities - the time to pursue them has arrived.
