Bedrooms: 3

Bathrooms: 1

Parkings: 2

Area: 611 m2

Type: House

Danielle Fordham

\$605,000

Classical features including original hardwood timber floors are retained throughout this three bedroom home, enhancing its personality while also complementing its potential. An allotment of some 611m² further highlights the options and the opportunities presented by this rewarding property, which is walking distance from Lloyd Reserve, Albion North Primary School, Stony Creek Reserve Trail and Sunshine Hospital. A traditional lounge and large separate kitchen/meals area reflect the character of the residence where three double bedrooms share a central bathroom that's enhanced by a separate laundry. Low-maintenance outdoor dimensions, a garage and carport complete the present day profile of an address where the space, the site and the scope form a sensational combination within easy commuting distance of the CBD.
