Contemporary properties featuring a pleasant location and home design, and a manageable lot offering good vehicle access, remain in strong demand in Albany. These qualities are destined to put this appealing listing high on the viewing agenda for astute buyers looking to either move in, or reap healthy rent returns. There is a great choice of parks and lakeside reserves within easy walking distance, and amenities including education centres and shops close by. The property has convenient wide separate gated access to the private, well-fenced and family and pet-friendly backyard, which is ready to embellish to your liking. Completed in 2018, the attractive home has a slightly different layout to some in its category. The entry flows to a family bedroom with a mirrored robe and the welcoming master suite, which offers a spacious walk-in robe and separate toilet ensuite. Nearby is the well-appointed main bathroom, laundry with storage, fabulous hall built-ins and a third bedroom with a built-in robe. All the entertaining and lifestyle action happens at the rear of the home. Enjoy the spacious living, dining & quality-appointed kitchen area, separate media room and pleasant alfresco. Get the ideas flowing in the kitchen, and the most out of the 900mm gas cooktop oven, and clean up in a snap using integrated dishwasher. There is lots of storage and good breakfast bar space, and room for a fridge/freezer combo. While there is plenty on offer with this property, it is also easy-care inside and out.
