This stunningly updated and extended home masterfully blends period elegance with modern appeal. From the moment you enter, the designer flair is undeniable, extending from the traditionally proportioned, carpeted double bedrooms with ample built-in robes to the welcoming central sitting room where an open fireplace enhances the warmth and atmosphere. At the rear, bi-fold doors seamlessly unite the family and dining room with a landscaped, north-facing courtyard and garden, complete with a lemon tree, colorful shrubs and veggie boxes. For added functionality, a retractable awning gives you control over al fresco entertaining. At the heart of the interior, the kitchen is appointed with stone benchtops, Siemens cooking appliances, and a Miele dishwasher. A corner pantry offers additional storage and a central island does double duty as a breakfast bar or a social hub while entertaining. The bathroom stands out with an extra-large shower with refreshing rain shower head. Notable features include a separate laundry, attic storage reached via a pull-down ladder, split-system air conditioning, Nobu heating panels, high decorative ceilings, Plantation Shutters, and floorboards. The location is another strong suit, given the walking proximity to the shops and cafes on Tennyson Street, Elwood Village, and public transport. Schools and the beach are also within easy reach, making this the complete package for those seeking a blend of modern comfort, convenience, and character.
