Limited Homes Remaining. With direct access to the coastal Carrum Beach and Patterson River, Malia offers a relaxed lifestyle while being moments from cafes, parks and local amenities. A combination of contemporary materials, thoughtfully designed spaces and convenient location culminate in a series of four boutique homes worthy of the locale. Abundant kitchen cabinetry house Bosch stainless steel appliances which foster cooking in style. Light and bright stone benchtops contrast against the captivating Tundra Blue splashbacks and warm cabinetry to create an inspired space for family and friends to gather. Engineered oak floorboards evoke a warm atmosphere of unity that join vast living and dining spaces. Large sliding doors then connect through to calming private outdoor entertaining spaces. Residents can also enjoy stylish bathrooms with contemporary floor-to-ceiling porcelain tiles, a wall-hung vanity with a chic above-counter basin and bold black tapware. A black framed shower screen with twin head shower completes the space.
