Arguably one of the best, absolutely one of the most solid, and sadly one of the last, this is the original Bayside blank canvas! A rare find, especially at this prime central Highett address, this solid-brick front home comes with a genuine three bedroom floorplan, approx 338sqm of lightly elevated land...and potential to become a masterpiece! Bring a creative renovation vision, and work with an accommodating design featuring big bedrooms (one with garden-access), a large lounge beside an eat-in sized kitchen, and a well-placed bathroom with separate WC beyond the vast and versatile laundry. Well-sited on the block with a large lawned front garden behind high-fencing, and an entertainers' yard leading to a private auto-garage, and an open northside aspect to light up your creation. Best of all, there's endless scope to open out, style up and maximise the value in this super-solid home within a kick of Peterson Reserve, and a last minute dash to Sandringham Secondary College. A walk to Highett Rd's eateries and station, and a minute to Southland, beaches and the Sandbelt Golf Courses, there's even potential to capitalise further in the future and meet the market with an all-new home on this rare low-maintenance site.
