Easy to maintain, even easier to enjoy, this ideal four bedroom home offers the opportunity to enjoy family success in stylish spaces and sensational surroundings. A living and dining area defined by generous dimensions, elegantly low-maintenance tiled floors and sliding glass doors to an alfresco retreat incorporates an impressive open-plan kitchen. Pendant lights above the island bench, stone surfaces, ample pantry storage and contemporary appliances convey the exceptional quality that's characteristic of the entire home. A main bedroom with a walk-in robe and ensuite sets the tone for three further bedrooms, each including built-in robes, that surround a central bathroom fitted with a family friendly separate bath and shower. The size of the separate laundry and the convenience of the separate toilet add to the appeal of proportions that are kept completely comfortable by ducted heating and the living area's reverse cycle heating/cooling system. Outdoor areas designed to look great all year long accompany a welcoming address, with a double garage, desirably close to Newbury Primary School, community facilities, Craigieburn Village shopping and Watermill Reserve.
