Situated on a decent size block of 568m² we find this impressive opportunity to enter the market in a prime central location such as schools, public transport, and within 500 metres of Pacific Werribee Plaza Shopping Centre and the Wyndham Leisure Centre. This property is a great buy for a first homeowner or for those who are seeking to add an investment property to their portfolio. The home itself comprises 3 bedrooms all with built-in robes, one centralized bathroom large enough for the growing family to utilize and a spacious lounge situated at the front of the home. Other inclusions are a formal lounge, air conditioner, brand new floorboards and a kitchen complete with electric cooking and ample cupboard and storage space. This family home offers drive-through access from the side of the property that allows you to capitalize on the single garage at the rear of the property. Side access to properties is a rarity in this market, so don't miss your opportunity to secure a great home!
