For Sale

Combining the timeless character of a Queenslander with the internal sophistication of a high-end, modern apartment, this four-bedroom, three-bathroom home is the perfect blend of classic and contemporary styles. Located in the serene and prestigious suburb of Mitchelton, amongst leafy streets and charming local cafes, this property offers the convenience of city living and a peaceful family lifestyle. St Helens Rd is known for its exclusive residences and proximity to local bars, restaurants, parklands and excellent schools. Residents in this sought after area also enjoy easy access to rail and bus services, making commuting to Brisbane's CBD a breeze. While this home may look like a traditional Queenslander from the outside, the internal aspects of the home are strikingly sophisticated. Every aspect of this property has been meticulously crafted with bespoke high-end finishes. It features solid core timber doors, elegant Tassia Blackwood floor-to-ceiling wall units and custom-designed bathroom vanities using a mix of solid timber and 2-pack polyethylene. The upstairs level features a main bedroom with an ensuite, guest room, a large bathroom with a clawfoot bath, lounge/living room, kitchen, and multiple entertaining areas including an upstairs deck with a built-in BBQ. Downstairs, there are two king-size rooms, a lounge room, a large bathroom, an outside laundry, a downstairs deck overlooking the garden plus an undercover carpark with a workshop and storage area. This flexible floor plan provides private spaces for everyone. The kitchen is fully custom-built with white porcelain benchtops and splashback, premium appliances including a gas cooktop, Miele dishwasher, AEG steam oven, microwave, and Quasair range hood. From the porcelain tiles from Italy, to soft carpet in all bedrooms, custom glass panels around the stairs, and a hidden pantry with extensive storage options, every part of this house has been carefully crafted and executed. Technology is seamlessly integrated with smart TVs in various rooms, a built-in TV in the main bedroom, and a Frame TV with a Bose sound system in the living area. High-end split system air conditioning ensures comfort throughout the year. The property is situated in a supremely quiet location, yet is just minutes away from some of Brisbane's best transport links. Don't miss your chance to own a piece of architectural excellence in one of Brisbane's most desirable suburbs.
