345D Caroon Road, Port Augusta West, SA 5700

Type: Other

Greg Edwards

\$105,000

This prime piece of land of 5,050 square metres is the place to live as offers sensational views of the Spencer Gulf and Ranges on both sides of the Gulf and at night the lights of the city are truly a sight to see. The property is zoned rural so the pet pony is more than welcome and the kids will love the room to move and explore. Location is great as is on the corner of Caroon Road and Shacks Road and has lovely recently built homes in close proximity. A very rare find as being so close to town and of this size and with water and power connected act now to secure this prime land.
