\$585,000

Properties are always talked up when they go to market and that is always pretty standard, right?? I totally agree and we have sold the dream to many, now happily calling peaceful Teesdale their beloved home town. If you would like our advice? Must be seen in the flesh! Situated at the end of a quiet court, this stunning parcel of around 7771m2 approx. overlooks the lagoon and offers a gentle undulating landscape, mature vegetation and the most enviable private position. The block includes sealed driveway, fully secured fencing, 40-foot shipping container, power and water supplies are both ready and available. This is a quality block, offering a chance to build your dream home in a picturesque location. Do yourself a favour and visit this one, you will be so glad you did!!!
