Jennifer Hall

**\$600,000**

Four-bedroom weatherboard home on 2981 Sq.m. block with two titles. The house sits on approximately a third of the land and is fenced off from the remaining land. There is quite a large kitchen, enough to fit a dining table easily. Four large bedrooms with the main bedroom being very large and the three other bedrooms with built-in robes. The lounge has a reverse cycle air conditioning and a wood heater. There is a sizeable sunroom towards the back of the house that has an adjacent office/study. The interior of the home is original with wood sash windows, build-in timber wardrobes and high ceilings. All-in-all, with some TLC this house will make a wonderful home. This property has four road frontages. This property is zoned Commercial 1 and has endless possibilities.
