FROM \$299,000

Finding it too hard to find the right home? Occupying a sunny 279 sqm, opposite parkland and playgrounds and surrounded by other quality homes, this is the block you want for the home you deserve. There's only one condition, you must build a two-storey home as per the estate's design guidelines (see agent for a detailed breakdown). The amenity-rich locale is the perfect destination to raise a family. One of Greenwood's newest land releases, East Green delivers a well-connected lifestyle that's moments from Greenwood Primary School, Greenwood Village Shopping Centre, Kingsway City, Greenwood Primary School, Greenwood College, Greenwood Station and Warwick Stadium. The great advantage of buying land is you can build whatever you like, and no one knows better about your wants and needs than you do. A truly exceptional opportunity, whether you're building your first home, next home or forever home, buying land makes so much sense right now.
