This highly desirable town house block with uninterrupted views of the CBD provides the perfect canvas for developers, builders and first home buyers alike! This vacant allotment in this sought-after enclave, minutes from Greensborough, moments from local sportsgrounds, an easy walk to the supermarket, cafes, a choice of schools and the bus, delivers such an attractive proposition! Add to this a stones throw from freeways and one of the last two remaining blocks in the estate, this block really does have massive appeal.
