\$550,000

With rolling pastures this property is nestled in the pretty area of Heathcote Junction / Wandong. It is relatively close to Melbourne, with an easy commute via Freeway or V/Line train this extensive parcel of land of approximately 10.4 HA is now presented to its deserving purchaser. Build your home (STCA) and Imagine waking to the call of native birds, rustling of resident kangaroos and the serenity of your own oasis. This property is a quite rare and would cater to the buyer who wants it all, but still be in reasonable distance to the Melbourne CBD. Heathcote Junction is a very sought-after area with a great community spirit, and a real the country feel and yet it's only about around an hour commute to Melbourne either by rail or the Hume Freeway, which is in close proximity. A pretty place with shops including the neighbouring IGA supermarket and chemist, (skate) park, IB Davern Reserve with sport and equestrian facilities and the very popular Wandong Primary School, plus the Heathcote Junction railway station is just a short drive.
