Set on 10 acres of gentle rolling land is this classic Queenslander. The lovely elevated home with a wide and inviting front deck has had extensive renovations sympathetic to the home's era with a country style kitchen and a side galley/pantry storage space; large dining area, large light filled sunroom or 4th bedroom, 2 bathrooms and 4 bedrooms. The generous-sized and spacious home has all the features you would expect of a house of this period, including high quality V-J lining, hoop pine wide floor boards, ornate fretwork between rooms and unique casement windows and french-doors with ripple glass. The property has a lovely light and airy feeling, with a primarily white and warm timber colour palette awaiting your designer touch to add a pop of colour to the interiors. Outside, sit on the front deck with your morning cuppa and take in your beautiful property with great views running down to a massive shared dam. Conveniently located only 5 kms from the Village of Nimbin on a sealed road, the School bus picks up at your driveway. This property has it all...charm, privacy, views, location and water security. Call John Wilcox on 0428 200 288 or Sundai Harrison on 0413 751 184 for a private inspection.
