\$520,000

Located within walking distance to the Leschenault Inlet, Bunbury Forum and Coinda Primary School is this comfy 2 bedroom, 1 bathroom duplex half. The open living is spacious and has stunning timber floors and split system air conditioning. The renovated kitchen comes off the dining area and has plenty of storage space. The bathroom has been updated as well and includes space for the washing machine. The laundry area has a trough and wall of storage. Open straight out to the patio and garden from the master bedroom which has built in robes. The second bedroom also has direct yard access. A fantastic gabled patio is at the rear of the home and has handy café blinds making this area usable all year around. The size of the backyard is surprising with plenty of lawn and gardens to keep the green thumb or dog happy! Call Darryl Helms for more information.
