This property needs to be seen, as it is a unique opportunity located in an elevated position of Berkeley Vale. The first time ever offered for sale, this home will be suited to the keen renovator or builder as it has stood the test of time being one of the first homes built in the suburb. Here you will find a well-maintained home with an unorthodox layout as we encourage all interested parties to inspect with an open mind! Please get in touch with our sales team for more Information or to organise your private inspection!
