\$520,000 - \$560,000

This amazing home built in 1926 has been lovingly restored with its original character in mind. Once a hospital in the early 1900's makes this place a 'One of a Kind' property. Featuring a combination of timber, exposed brick, ceiling roses and ornamental cornices. A timber country style kitchen with electric cooking, large bathroom and laundry with separate toilet. Merbau decking on the verandahs and entertaining area and the weatherboards have been freshly painted. A garden shed, double carport and low maintenance gardens & lawns with in-ground sprinklers front and back. Plenty of room for the children and/or pets in the private secure back yard. Located in a quiet street with quality neighbours, close to the Broken Creek walking tracks, schools, sporting grounds and the main street. **NOTHING COMPARES TO THIS HISTORIC CHARMER!**
