Compact and stylish, the Amandari, exclusive to G.J. Gardner Homes is designed to suit narrow sites and provides good use of space with functional practical living. The open plan living space with galley style kitchen, dining and family room leads outdoors to a covered alfresco area to the rear. A generous master suite with an ensuite and walk in robe is positioned at the rear of the home and provides a space to retreat and unwind. Three additional bedrooms, a study and a double garage makes this a delightful family home. Allow yourself to imagine the lifestyle you've always wanted; in the home you deserve! The Amandari design offers individually crafted facades that will inspire you by providing a choice of homes that reflect your personal lifestyle and preferences. For optimal site use, this design is best positioned on sites with the north aspect towards the rear and side, providing sustainable and comfortable living conditions throughout the year.
