A Treehouse: Subdivide STCA....

Samarinda Way is one of Point Lookout's best kept secrets. It's private and peaceful, out of the way yet central and an easy walk to all the major beaches, the surf club, and Point Lookout shops. Best of all is the Lilly Walk, like a trip back in time as you make your way down to Main beach through the dune's iconic beachside bush.

Sitting peacefully on a spacious elevated block you'll find 'A Treehouse', a stunning, architecturally designed, well built Straddie beach home.

The home is set over two levels with decks front and back so you can enjoy the bush vistas, entertain and catch the breeze. This is an attractive and striking house with modern seaside aesthetic, hardwood floors throughout and a spacious kitchen.

Don't miss your opportunity to secure your own piece of paradise.
