Crafted without compromise in one of Epping's most elite streetscapes, this incredible family home represents a new benchmark in residential luxury. Architecture becomes art as the signature symmetry of its bold facade fuses European opulence with a zest for life, perfect for the entertainer or growing family. The interior reveals up to four impressive living zones strategically positioned around a grand entryway, illuminated in a ray of soft sunshine accentuating its high-end finishes. Polished hardwood floors, high ceilings and premium blinds are the perfect complement, as is the seamless integration of its alfresco entertaining zone and cultivated rear yard. The expansive kitchen tempts you to entertain the masses with its array of quality appointments, luring friends and family to unwind with a cool drink under the cover of the entertaining pavilion beside the lush lawn setting. Unparalleled attention to detail continues upstairs into the four bedrooms, where an exquisite master suite is enhanced by a balcony, a twin-vanity ensuite and walk-in robe, while an adaptable rumpus on the lower floors is ideal as a fifth bedroom or home office with its separate external entry. Ducted heating, multiple split-system units, and opposing single garages one with drive through access with separate driveways add the elegant finishing touches to a stunning home located moments from Pacific Epping, Northern Hospital, Westfield Plenty Valley, local schools, public transport, and M80 Ring Road access..
