\$108,000

Situated on a large half acre block this home offers a cosy living experience with plenty of room to expand. It consists of two bedrooms and a sleepout, lounge, and kitchen/dining room that have wooden floorboards and some rooms with the charm of high, pressed tin ceilings. An air conditioner in the lounge provides cooling in the warmer months. A lovely 'Esse' wood stove with oven in the kitchen provides economical heating while cooking those hearty winter meals. A gas cooktop and oven provide an alternative for cooking. The laundry attached to the rear of the home is a more recent addition. Windows and doors are complete with security screens for added peace of mind. If driving into the driveway didn't give you a sense of how big the property is, then walking out the back door definitely will. The back door leads to a lawned area with a legendary 'Hills Hoist' clothesline and some fruit trees. Beyond this is another area which leads to the rear of the property with easy access from a back lane. Other features of this property include:- Garden shed.- Wood storage sheds.- Vehicle shed/workshop with roller door.- Carport for single vehicle.- 3 small rainwater tanks for sustainable living.- Easy care gardens.- Spacious areas both front and back of the property. Explore the possibilities and make this unique property your own. Call Ian Hanna on 0427215076 to schedule a private inspection.
