This is the pinnacle of apartment living in the Northern most capital city of Australia. Not just absolute waterfront, it is also located within the world class waterfront precinct which includes stunning amenity which cannot be found anywhere else in the NT and would also be tough to beat elsewhere in Australia. Within the precinct is the Darwin Convention Centre which is an architecturally stunning building in its own right, the Adina Vibe hotel complex and a slew of top notch Restaurants, café's, Gelato, convenience store and specialty shops. But that's not the best part, included is a fully patrolled salt water beach lagoon that includes a beach volley ball court, a massive inflatable water park and wave pool all literally footsteps from your front door. In addition to the permanent amenity, the large maintained lawn areas are often home to a number of festivals and other outdoor events through out the dry season. Even if you didn't feel like sampling everything the waterfront precinct has on offer on a particular day the views from this apartment are second to none. Imagine waking up in the morning to a giant cruise ship docking at Fort Hill Wharf or people watching at the Ferris Wheel at Stokes Hill Wharf in the evenings. The new owner of this property is not just buying an apartment, they are buying instant access to stunning amenity and a lifestyle which is hard to beat. Located on the top floor of a 10 Story building, with only 4 apartments on this level, you access the property from the elevator via a common lobby which is only a few steps away. The finishes of the property are excellent, and the design allows for stunning views from each of the bedrooms. The balcony overlooks the main area of the waterfront and faces east, catching the sunrise and avoiding the heat and glare from the sunsets. The kitchen is a galley style with a large island bench which includes a breakfast bar and is perfect for entertaining.
