\$260,000

Charming three bedroom clad home in a great location in a growing part of Wangaratta. The property consists of two generous sized bedrooms and open plan living/kitchen area and a separate lounge room. There is gas cooking in the kitchen, gas hot water service and refrigerated cooling. There is a separate bathroom and laundry area plus toilet and outside there is a great rumpus room or teenage retreat room plus a shed. The property is in a great location all with in walking distance to a popular shopping strip which includes a great bakery and a post office. The property would make an ideal renovator and would suit a builder or handy man to bring it back up to its former glory.
