\$890,000

37 Haiser Road is a cute but not so little cottage, surprisingly it has 4 bedrooms but currently used as 3 bedrooms and a TV room. The rooms are generous in size, with the master at the rear of the home and opens to the rear deck. The kitchen/dining and living are open plan. The kitchen has a new oven and good bench space and a double pantry for storage. The living area has water glimpses from the floor to ceiling one way windows. The front yard is fully fenced and there is off street parking for a boat or caravan. The single garage has an extra workshop area. The back yard is very welcoming with an under cover deck, this is a great spot to relax if the summer breezes pick up. There is 2 split system air-conditioners, one in the living area the other in the main bedroom. The home has been beautifully renovated, the appealing colours and styling gives a fresh modern look. Oh so close to the water and walking distance to everything in Greenwell Point. 10min to Nowra and 20min to Jervis Bay. For an inspection phone Linda Edwards 0403 437 266.
