\$720,000

This home has been cared for by only the one family, but sadly the time has come to sell. This cute cottage offers 3 bedrooms, large lounge room, smaller living or study and original kitchen and bathroom. Added features of the home are a large free-standing studio, single garage attached and a rear deck. The home rests on a huge 841 sqm fully fenced block, boasting side access as well. Personally, I believe this one is the best value homes in the area. Making it a great buy for the first home buyer, investor or a holiday home. The area is known for its fishing, water sports and beaches. Don't delay call Peter Today on 0402 267 411.
