Compelling in every way, juxtaposed between beautiful parkland and thriving High Street, a deceptively spacious interior and tranquil garden backdrop will captivate and inspire. Entertain in style making use of two private alfresco zones extending from two distinct living areas, that provide ample space for a range of lifestyles and stages. Formal rooms encompass living and dining areas and a peaceful study, while the family room opens to an elevated deck and terrace in an exquisite landscaped setting. Cathedral ceilings highlight on the first floor adding an ambience of space and light to two bright robed bedrooms including the ensuite main. A third bedroom, Euro laundry and parking via a rear right of way complete the proposition. Walk to a luxurious selection of boutiques, cafes and quality dining options, rejuvenate at Union Street Gardens and make the most of excellent transport links via train and tram. An array of excellent public and private schools are within easy reach and a choice of shopping villages are minutes away.
