SO MUCH TO LIKE Situated in a very popular and secluded part of Evanston Park this immaculate property is very impressive. Built in 2007 by its current owners the 3 bedroom home has an ensuite and walk in robe to the main bedroom. There is a formal living/dining area, a family room, lovely kitchen with dishwasher and pantry plus an endless list of features like plenty of built in cupboards, floating floors, ducted evaporative air conditioning, ducted gas heating, a split system air conditioner, alarm system, full surround security roller shutters and there is a double garage under the main roof. Outside there is a large gable roof outdoor entertaining area, a good sized shed plus being on a corner block there are side gates through to the back yard! All beautifully established making this a very low maintenance property ready for you to move in and enjoy! All information contained herein is gathered from sources deemed to be reliable.
