Lyn Scott

**\$795,000-\$845,000**

Undergoing a major renovation in recent years, there is truly nothing left to do. The owner has an amazing eye for detail as you can see from the photos, there has been no expense spared in making this her dream home. The kitchen is absolutely stunning, with granite tops and vinyl wrap cabinets, it looks like it has come straight out of a "home beautiful magazine". New tiling has been laid throughout the main living areas with under floor heating, which is conveniently zoned for the cooler months. The bedrooms are carpeted with a modern neutral carpet that would suite any decor. There are four bedrooms to choose from, They are all a good size and would easily suit a queen size bed. The sitting room at the back of the house would be ideal for a home office, it has excellent built in storage and a lovely view over the rear garden. When it comes to enjoying the outdoors, you are spoilt with an expansive timber deck overlooking the garden and waterway that runs along the rear of the property. The garden is fully fenced, The double garage has a remote control and there is internal access straight into the laundry. There is an abundance of storage through out the home, with two double door linen presses and a single door linen press. The roof has had a full renovation. The grounds are easy maintenance and there is a garden shed for storage. Conveniently located in walking distance to shops, schools, cafes and clubs and of course the Beautiful Nambucca River. You really cant go past this magnificent home for value for money. Inspections are by private appointment only, Call Lyn Scott today to book your inspection Phone 0402277658 Now.
