The property is located 6.4kms from the Nanango CBD with the 3 bedroom block home set back from the road. There is a creek/gully separating the property with 4 cleared acres at the front and 5 acres of native bush on the other side with a wide variety of native flora and fauna. The inside the home is an open plan living/dining/kitchen space with a new wood heater and slate tiled floors through the entire house. There is a country kitchen including a pantry and electric stove. The 2 main bedrooms come with built-ins with the last bedroom having a ceiling fan. There is a laundry, bathroom with a toilet plus a separate toilet, an enclosed outdoor area and front and back verandahs. For cheaper energy costs the 5kw (20 panels) solar system helps. Outside on the property you will find a 6m x 9m 2 bay lockable garage, 4 water tanks totaling approximately 17'000 gallons, 2 bay carport high enough to fit some caravans, a chook pen and lots of timber. The bushland side of the property is accessible by walking or 4WD and the property is fenced except at the front boundary.
