Amazing home with a private self contained apartment that is under the main roof...!!! Come on down and inspect this quality five bedroom, three bathroom family home that is like absolutely no other I have ever seen! What stands this glamorous home out from the rest, is that it has a one/two bedroom attached apartment that has its own private kitchen, family area and bathroom etc....all under the main roof! The features are endless and they include: - A huge master bedroom that features a huge mirrored sliding door walk in robe and high recessed ceilings with LED downlights. The private ensuite has quality tiling and a double shower. - From the grand entry is a theatre or parents retreat. - The main kitchen has bulkhead ceilings with downlights, upgraded stainless steel appliances, double fridge recess and is large enough to cook up a storm for the largest of families... this overlooks the great sized dining, games and family areas that have been completed with brilliant tiled flooring, quality curtains, LED downlights with again high and recessed ceilings. - The further kid's bedrooms are of a great size and have built in robes. With extras including ducted reverse cycle air conditioning plus 2x reverse cycle split systems, ceiling fans in various bedrooms, solar power panels, laundry with extra storage, larger double garage with loft storage plus ladder and so much more...!!! What really sets this home apart from anything else is the "house out the back". With a large master bedroom, quality bathroom that features a double shower, personal toilet, family and dining area and its own access to the entertaining and pool area. This is perfect for the teenager who still lives at home, grandparent who needs to be closer to the family or if you are accommodating the friends from overseas this is absolutely perfect! Basically it is a private and lockable self contained apartment that is under the main roof...!!! STEP OUTSIDE AND YOUR JAW WILL DROP... Slide open the doors from the family living and you enter the magnificent entertaining area with a huge alfresco patio that overlooks the below ground pool. With top of the line Travertine tile surrounds, glass pool fencing and the extensive lighting really brings this area to life and has to be seen to be believed...!!! Also is a rear access from the larger double garage, perfect for any tradesman and the manicured gardens are simply perfect...!!! THIS IS FIRST IN BEST DRESSED!!!
