\$725,000

This Victorian gem is a delightful retreat with a perfect blend of period charm and modern convenience. The wide, decked verandah and tall ceilings are classic features that add character, while the updates ensure comfort and functionality. The open plan living area, complete with a fireplace and reverse cycle air, offers cozy spaces for relaxation, and the gas kitchen with a garden outlook is sure to inspire culinary adventures. The addition of a large family bathroom, laundry with a second bathroom, and well-fenced gardens enhance the practicality and outdoor enjoyment of the property. The steel-framed garage-workshop (9m x 7.5m) is a fantastic bonus, offering ample space for hobbies or projects. Its location, set back from the Main Road and overlooking the surrounding landscape, provides a sense of tranquility and privacy, yet it's just a short drive into Castlemaine for schools, shopping, and other amenities. Overall, this home provides a wonderful combination of Victorian charm, modern comfort, and practical living. Walks along the Castlemaine-Maldon Steam train riding track are at your doorstep.
