Buyer Guide \$750,000 - \$790,000

Interesting split level floorplan sets this home apart from the average. With three bedrooms, plus a study (or 4th bed) and two separate living areas, en suite to master bedroom and double garage, it represents great value in today's market. North facing outdoor entertaining, internal feature brick walls, well maintained corner lot, the property boasts a fabulous location with a treed reserve outlook and within walking distance of neighbourhood shopping and schooling. A little TLC will go a long way to enhancing the final product. A short drive from Flynn's Beach. Rates \$3,000 approx pa Buyer Guide \$750,000 - \$790,000 Contact Mark Carter 0412 352 107
