Presiding majestically over a large and peaceful side-arm of the Twin Waters lagoon, 39 Baywater Drive boasts an ideal Northern aspect with cool summer breezes and a warm winter sun. Completely renovated throughout and presenting like new, this beautiful four-bedroom residence allows you to enjoy your endless summer to the fullest. Carefully finished with minimalist gardens and decks that never need re-painting, this home is virtually maintenance-free, freeing up your time to relax and take in the scenery. Three levels of terraces allow for bay views from all angles imaginable. The highest vantage point is the private balcony on the upper floor, which was exclusively reserved for the lavish master suite. The main level hosts the poolside deck and a large, roof-covered entertainment area to spoil family and friends. A few extra steps take you down to another terrace with a lovely stone bench right at the water's edge, the perfect spot to dangle a line or launch your canoe. The water theme continues with a magnificent lap pool that follows the perimeter of the home to a wind-sheltered, sun-flooded patio. A total of four bedrooms provide ample space and privacy for you and your guests. The highly acclaimed Twin Waters Golf Course and the local shopping village with popular café and restaurant are only a short flat stroll away.
