Offered to the market for the first time in approximately 30 years we are now looking for the new owners. A light filled lounge room offers plenty of space for the entire family. The tiled meals and kitchen areas are conveniently located off the side of the lounge area. The kitchen offers plenty of cupboard space with an electric stove and oven. A sun room located off the meals provides that extra living space making it the perfect for entertaining or to just sit and relax. All three bedrooms have built in robes and the family bathroom is complete with separate bath and shower. Split system air conditioning, ceiling fans and natural gas connected to the home ensuring your comfort all year round. The garage offers internal access to the home and drive through access to the level rear garden complete with garden shed for those additional storage needs. Low maintenance established gardens with bore water available in the rear garden complete the package.
