Bradley Milton

\$1,135,000

Immerse yourself in the charm of yesteryear within this quintessential Queenslander. 142 years young and still looking as beautiful as the day she was built, that's no surprise being only the second time offered to the market in all of those years. Perfectly positioned on almost two acres of usable and private land this hilltop hideaway offers up fertile soil and amazing self-sustainability options, great vehicle access, ample storage with the three-bay shed plus workshop not to mention the serene setting, and amazing neighbours. The home has been meticulously maintained over the years with some select period accurate renovations whilst adding all of the modern creature comforts you would expect in this day and age, from gas cooking to air conditioning, beautiful ceiling height, and fretwork, stunning timber kitchen plus floors and much much more. With current plans and approvals in place for an extra residence downstairs there is ample scope for a home-based business or dual living and guest stay, Airbnb, or the perfect pool house overlooking the stunning gardens. Whatever your stage in life, I am sure you will agree this property will leave you spoilt for choice and wanting more of the fantastic lifestyle on offer at 39 Flaxton Mill Road in beautiful Flaxton. Come and inspect today before this little piece of paradise is gone forever.
