Picturesque Family Retreat

Edging along one of the many beautiful ridges Engadine has to offer with park lands to the side and back, this magnificent home offers uninterrupted bush and valley views. The tranquil lifestyle is only embellished by the stunning renovation that this home has undergone. After crossing the stylish timber bridge that offers you a level entry to the home, you enter onto rich timber floors and are greeted with a comforting lounge area boasting a combustion fireplace and ceiling fan. To the left are three bedrooms, two with mirrored built-ins and a spectacular bathroom with free standing bath, floor to ceiling tiles, feature mirror and shadow line ceiling. Feeding straight through the living room into the dining room and out through the bi-folds to the balcony, ensures the outlook is the hero of the home. The gourmet kitchen boasts all a chef desires, plenty of granite bench space, tiled splash back, oven and gas stove top, dishwasher and plenty of cupboard space.

Other features include:

- Deck/covered alfresco entertaining area
- Down lights & Airconditioning
- Landscaped & manicured gardens
- Teens retreat with bathroom, laundry & internal access to single lock-up garage
- Under-house storage
