The allure of a double fronted Victorian home in one of Williamstown's top locations is hard to resist. Combine that with a substantial double storey addition creating fabulous family spaces and you have found the perfect family abode in the heart of town. The traditional Victorian layout is immediately evident with the two front bedrooms off a central hallway, opening out to the magnificent open plan living zone, the heart of the home. A beautifully appointed kitchen with expansive stone bench tops, perfect for families of all sizes and the ultimate spot to entertain with family and friends. The living and dining area opens out to an undercover decked entertaining space and a sizable low maintenance back yard, with excellent access along the side of the home and a storage shed. A ground floor bathroom plus a separate laundry, excellent storage throughout, reverse cycle ducted heating and cooling. Two further bedrooms, a second bathroom and a versatile separate study / home office space upstairs, makes this home a very appealing family proposition, especially for those with work-from-home needs. A first class central Williamstown location is on offer, within walking distance to the main shopping areas, cafes, schools, public transport including Williamstown North and Newport train stations, The Strand waterfront and all the delights of this outstanding bayside suburb. Families, professional couples, or those that seek the quintessential Williamstown family home, this one's for you!
