\$1,450,000 - \$1,595,000

The concept was clear – create a residence that meets every family need in a manner that combines luxury, elegance and low-maintenance ease. The result, equally clear, was an outstanding success. A flexible four bedroom, three bathroom format, featuring one bedroom and bathroom downstairs, includes a main bedroom served in style by a walk-in robe and a dual vanity, double shower ensuite on an upstairs level that offers the two additional bedrooms and a family friendly bathroom fitted with a separate bath and shower. The appeal of the accommodation is matched by the indoor-outdoor allure of a living/dining area featuring 10ft ceilings and an open-plan kitchen with a walk-in pantry and a suite of Smeg appliances including a 900mm induction cooktop, 600mm multifunction oven and steam oven. Beyond, the beauty of a landscaped backdrop is enhanced by the alfresco excellence of an integrated stainless steel, mains gas outdoor kitchen – your perfect partner when entertaining. Engineered timber floors, heating/cooling, a study zone, alarm system, custom made electric front gate and secure garage further reflect the ability this home’s modern desirability moments from St Margaret Mary’s Catholic Primary School, Spotswood Primary School, Hudson Road village and Spotswood station.
