A residence where 'bayside' becomes the description, not just the dream, this exceptional home's uninterrupted 180-degree water views and direct access to Jawbone Conservation Reserve and the Bay Trail West lead the location's wonderful list of lifestyle advantages. Upstairs living and dining areas that capture the seascape and the sunsets with sweeping bay views from Altona to BlackRock are accompanied by a superb granite and stainless steel fitted kitchen with a walk-in pantry and a fabulous full-width terrace that states entertainer's heaven. In their own separate zone, a sitting room and separate study with integrated cupboards add to the allure. A generous lounge delivers a third living domain on a ground floor level ideal for the kids and featuring four bedrooms and two bathrooms, including the main bedroom's ensuite, confirm the family credentials of this outstanding home. Private alfresco proportions, an outdoor shower, double garage and the garden's gate to the park further enhance a property - zoned to Williamstown High School - that delivers 'bayside' the way you've always desired. A rare true waterfront opportunity fronting parkland on 2 sides with a view that will never be lost.
