This elegant 3-bedroom, 2-bathroom apartment boasts a generously spacious living room and city views from the living room & bedrooms. It features a large dining area adjacent to a beautifully designed kitchen, enhanced with granite benchtops, and modern, well-appointed bathrooms. In one of the world's leading cities, Paragon lives up to its name. A building that blends seamlessly with the cityscape, Paragon's luminous anodized metal finish wraps around a curtain of glass to reflect the cityscape designed by Fender Katsalidis, sweeping across the heart of Melbourne's skyline. Paragon consists of 48 floors, with each floor limited to four to six residences. It couldn't be better to live in the CBD with all the shopping, transport and dining options close by. Take advantage of Paragon's superb facilities including a swimming pool, gym, spa, sauna, formal and casual communal spaces, library, theater and Australia's first indoor forest. Ideal inner-city lifestyle for families and executives looking for peace in a convenient, extraordinary location, with only a 2-minute walk to Melbourne Central, Queen Victoria Market, Flagstaff Gardens, and universities.
