This huge house in a quiet area of Koongal is a dream come true. It stands up in the hills and way out of the flood zone, making it a fantastic buy. Perfect for the keen renovator whose dream is to restore this house to its former glory! Whether for a large family home, an investment property (it would rent out anywhere from \$600-700 p/week), or even potential for dual living, you won't find one like this again. Features include: 3 large bedrooms (with built-in robes). 2 bathrooms (with a bath to relax and unwind after a long day!). Good-sized kitchen. Plenty of living space. *Airconditioned throughout. Security screens on windows. Polished floors. *Garden sheds. *A covered deck. *Plenty of car accommodation. *Large block and fully fenced! *The best concrete pool in the area! *Close to schools, parks, and shopping centres *Also, if you are interested in extending the house for more space or even a dual living situation, the area underneath the house is legal head height, and you could build in more bedrooms for that extra accommodation.
