\$652,500

SMALL ACREAGE WITH LARGE HOME Sitting high on the corner of a 3.9 Acre triangle block approx. 5 mins* out of the township of Rosewood is this large family home waiting for the next family to come in make it their own. From the entrance into the house you have the media room or rumpus area off to you left and the double lock up remote garage on your right. The oversized living area with open plan kitchen looks out to the acreage around the property and the mountains in the distance. Stone benchtops, double sink, dishwasher and island bench and all modern day features that families have come to enjoy in their homes these days - a little bit of luxury, its what we all need. There are 3 good size bedrooms with ceiling fans and built in wardrobes. The main bedroom is large with its own sliding doors taking you out to covered entertainment area. Also, the all-important walk in robe and super-size ensuite including bath is also here for you to enjoy. Outside on almost 4 acres is partial rural fencing, big enough for the horses to enjoy. The house was built up and does not flood, but water does go across the land. Vacant with a fresh coat of paint throughout, new ceiling fans, Air conditioning unit and new floor coverings, this home is certainly ready for you. To view, please come along to one of the scheduled open homes or call Megan Acutt from Ray White in Rosewood on 0488 773 001 to book your private inspection.
