Low-maintenance tenants who value space and privacy, can't go past this terrific townhouse, tucked away in a quiet lane. Beyond its attractive facade you will be impressed by its deceptive space and modern styling, with the long hallway, spilling into vast open plan living/dining, enhanced by gleaming polished timber floors & Caesar stone kitchen, fitted with stainless steel appliances and walk in pantry. Double doors open to verandah and private courtyard garden, generously proportioned to relax and entertain family and friends in. Upstairs, you'll discover the master bedroom with its own WIR & ensuite, two further bedrooms (one with study nook) and main bathroom with spa bath. The home comes with ceiling fans, central heating, 2 split systems & auto single garage with internal access & extra off street parking. With Sydney Road shops, cafes, tram and station just metres away, low-maintenance living has never looked more enticing. Don't take my word for it, come see for yourself.
