A town residence that doesn't make you compromise on space and glamour. Now that's an exciting proposition for families in easy reach of schools, shops and transport connections. With village shops and eateries at the end of the street and nearby Monash Fwy and Eastlink, this superbly serviced location invites you to enjoy all the family friendly appeal of Wheelers Hill. The stunning new build enjoys picture perfect street frontage and is sized to please with 4 bedrooms plus a versatile ground floor study/office or 5th guest bedroom. A stylish array of features and finishes makes for a town home that's completely on trend – perfectly on show in the dark cabinetry and floating ceiling of the striking kitchen, and the statement black bathroom tapware. Beautiful natural light creates an inviting family room with a clever built-in low line TV shelf – designed for warm, relaxed indoor-outdoor flow between the north facing living wing and the landscaped garden. Taking full advantage of an expansive layout over two levels, 3 of the bedrooms overlook the street, bedroom 2 features its own glass-fronted balcony, and a 2nd master bedroom comes with a full ensuite and fitted walk-in robe at the end of the upstairs hallway for assured privacy. An oversized single garage lets you enter securely via the utility entrance, with extra car parking on the independent driveway and a rainwater tank and garden shed. Simply move in and start making memories in this showcase property, surrounded by a choice of public and private schools, shopping at Wheelers Hill and The Glen, and fabulous sports and leisure centres for gym, golf, soccer, football and archery.
