From \$549,000

Space. So much space. This is the ultimate design for low-maintenance living that doesn't compromise on room to move. Set on an easy-care block, this is an outstanding design for anybody who needs big living space and big bedrooms. Living here This is a whopping great big living area; we've got room for everyone and room for everything in a space like this! The kitchen has exceptional room to move with tremendous bench space and brilliant storage in the big walk-in pantry. The fridge recess is wider than average and has a water supply for connected fridges. The breakfast bar design will comfortably seat five or six people along the length of this attractive workspace. The home has been incredibly well-designed with thought given to the versatility of the spaces. The room currently used as a theatre could be a super-sized 4th bedroom or a massive office. The options are many when you have this kind of room to move. The master bedroom is extraordinary and currently features a king-sized bed with about a meter of space on either side. This really offers you freedom of choice when it comes to furniture styles. The ensuite bathroom has a separate toilet, and the walk-in robe is generously sized as well. The secondary bedrooms are both of excellent size, and the built-in robes offer plenty of storage. Outside, it's all about being as low maintenance as you could possibly get. It's a 397 m² block, and most of it is the house. You've got a big double garage with storage plus the alfresco area at the back of the home that is really so simple to take care of and easy to enjoy. In addition to all of this, we have ducted reverse-cycle air conditioning, solar panels, and network points throughout the house. To really get a feel for this place, take a look at the floor plan and see for yourself how much room there is. Better yet, come and see it for yourself and be impressed in person. WHERE IT IS This is an absolutely fantastic location! Check it out on the map to see for yourself just how conveniently located it is. You've got the fantastic Creyk Park, with cricket nets, footy goals, playground, and more just around the corner. You can also walk the dog through Bellarni Reisha Reserve, and it's easy walking distance to Challis train station, Kingsley Primary School, and even the hospital. It's a prime position! WHAT NEXT Hit the EMAIL AGENT button on this webpage and we'll be in touch to set up a time so you can see this awesome place for yourself!
