\$440,000

Are you looking for a low maintenance home close to town, with secure parking and city views? Then look no further than this lovely apartment on the corner of Stoddart Drive and Michie Court! You're only a short walk away from the marina in Bayview, and newly established bike paths make for an easy connection to the city and Waterfront, or Fisherman's Wharf and its eateries along the way. There are bus stops out the front of the complex and the nearest school is in Stuart Park, only 5 minutes away and across Tiger Brennan Drive. It is the easiest suburb to get to from both Tiger Brennan Drive and the Stuart Highway! The apartment's kitchen is fitted out with a stone bench top and brekky bar and has a brand-new dishwasher. The home is tiled throughout making the most of the sea breezes coming through, although there is also split system air-conditioning for those humid wet season days. There are 3 bedrooms, and 2 balconies. One of these is absolutely massive and enjoys city views, where the other overlooks the garden. The master bedroom features a walk-in robe and ensuite, and the main bathroom is roomy and has a bath as well. The complex itself has 2 pools to choose from and the apartment comes with 2 undercover secure car parks in the remote-controlled garage. It really has the best of all worlds, and at a great price too!
